Education

University of Wisconsin–Madison, Madison, WI
M.S. in Statistics: Statistics and Data Science May 2026
GPA: 3.60/4.00

Stony Brook University, Stony Brook, NY
B.S. in Applied Mathematics and Statistics (Dual Degree) May 2024
GPA: 3.71/4.00 |Magna Cum Laude

Dongguk University, Seoul, Korea
B.S.E. in Food Science and Biotechnology & in Statistics August 2024
GPA: 3.41/4.00

Publications & Presentations

- Phung, M. T., **Lee, B.**, Barroilhet, L. M., Trentham-Dietz, A., Binkley, N., Trabert, B., & Gangnon, R. E. (2025). Prevalence of impairments in geriatric assessment domains among older adults with ovarian cancer. *Cancer Research*, 85(18_Supplement), A017. https://doi.org/10.1158/1538-7445.OVARIAN25-A017. **[Published conference abstract]**
- **Lee B.**, Iskhako S., Irshad F., Gupta I., Chan C., Li R., Muhayya T., Shahid U., Lin A. (2024). Socioeconomic Disparities Between The Immigrant and Non- Immigrant Communities of Suffolk County. Undergraduate Research and Creative Activities (URECA) Symposium, Stony Brook University. **[Poster Presentation]**
- Chen, Q. Y., Kim, S., **Lee, B.**, Jeong, G., Lee, D. H., Keum, N., Manson, J. E., & Giovannucci, E. L. (2022). Post-Diagnosis Vitamin D Supplement Use and Survival among Cancer Patients: A Meta-Analysis. *Nutrients*, 14(16), 3418. https://doi.org/10.3390/nu14163418. **[Peer-reviewed article with presentation]**

Research Experience

Data Scientist – Dr. Minh Tung Phung Lab
University of Wisconsin–Madison, Madison, WI July 2026 – Present

- Analyzed associations between functional disability and systemic therapy receipt among ovarian cancer patients using linked SEER–Medicare and OASIS data
- Developed reproducible R code documents that perform data cleaning, debugging, data managing, analysis, visualization, and interpretation for ovarian cancer epidemiological research contributing to scientific publications and presentations

Project Assistant – Dr. Minh Tung Phung Lab
University of Wisconsin–Madison, Madison, WI May 2025 – May 2026

- Executed and validated statistical analysis plans comparing neoadjuvant chemotherapy (NACT) and primary cytoreductive surgery (PCS) in ovarian cancer using SEER–Medicare data and R
- Developed reproducible R Markdown workflows for cohort construction, generating tables, figures, and descriptive analysis
- Conducted geriatric assessment research in ovarian cancer, including systematic literature review and analysis of geriatric impairment prevalence using SEER–Medicare and MDS data with Poisson and logistic regression in R

Integrating Population Health (Vertically Integrated Project (VIP) Team)
Stony Brook University, Stony Brook, NY August 2023 – May 2024

- Preprocessed and analyzed geospatial and socioeconomic data using spreadsheet and QGIS to assess geographic access to services and disparities between immigrant and non-immigrant communities in Suffolk County, NY

Statistical Consulting Projects

Spanish Language Perception Analysis
University of Wisconsin–Madison, Madison, WI May 2026

- Applied linear/generalized linear mixed-effects models to Qualtrics survey response data to evaluate associations

among listener, speaker, and linguistic characteristics in R

Wisconsin Wastewater Monitoring Program (WWMP)
University of Wisconsin–Madison, Madison, WI March 2026

- Evaluated the impact of PCR inhibition on SARS-CoV-2 detection using negative binomial regression models in R and developed R Shiny/Markdown tools to visualize trends across 44 wastewater treatment facilities in Wisconsin

Teaching Experience

Peer Mentor & Student Lead
University of Wisconsin–Madison, Madison, WI September 2024 – December 2025

- Mentored and tutored undergraduate students and facilitated weekly statistics practice sessions
- Led daily tutoring center operations and coordinated coverage for 65+ TAs and peer mentors

Undergraduate Teaching Assistant
Stony Brook University, Stony Brook, NY

- AMS 315: Data Analysis Spring 2024
- ADV 101: Transfer Student Seminar Fall 2023, Spring 2024
- AMS 310: Survey of Probability and Statistics Fall 2023
- KOR 111: Elementary Korean I Fall 2022
- Supported grading, office hours, mentoring, and R programming for data analysis projects

Work Experience

Claims Intern
Erie Insurance, Rochester, NY May 2024 – August 2024

- Co-designed an employment experience survey with HR, Talent, and Strategy teams and analyzed approximately 1,000 responses to identify employment trends for talent acquisition recommendations in the insurance industry

Awards & Honors

Academic Excellence Scholarship – University of Wisconsin–Madison Fall 2024 – Spring 2026
Dean's List – Stony Brook University Fall 2022, Spring 2023, Spring 2024
Phi Beta Kappa Honor Society – Stony Brook University March 2024
Honors Student – Dongguk University Spring 2018, Fall 2021, Spring 2022
The Encouragement Award of the BEST Coaching Program – Dongguk University Fall 2021

Skills

Programming & Statistical Tools: R, SAS (SAS Certified Specialist: Base Programming Using SAS 9.4)
Software: EndNote, Zotero, LaTex, Linux

Leadership/Service Experiences

R Programming Workshop Helper – Data Wrangling & Visualization
University of Wisconsin–Madison, Madison, WI February 2026

Military Service – CBRN Sergeant
Republic of Korea Army, Seoul, Korea October 2019 – May 2021
